4 The Secretary,

These Bastian Storage Geysers are barrel shaped tanks with electrical connections so arranged that a perpetual store of hot-water is available, and automatic disconnection occurs, if for any reason water has been allowed to run dry. One is for the Kitchen of the Hospital & one is to insure hot water for the Midwifery Dept. which is an absolute essential at all times, as Cases are continually coming in, and hot-water in quantity is indispensable.

S.N. 7. Letter No. 2001/28, dated the 17th October, 1931, from the Residency Surgeon, Bangalore.

In his proceedings No. 7772, dated the 16th August 1928, the Hon'ble the Resident sanctioned the local purchase of a Coolidge tube at a cost not exceeding Rs. 425/-. The Residency Surgeon now states that the Broad Focus Coolidge Tube at present in use in the X-Ray Department does not work satisfactorily. He therefore proposes to purchase a new Tube at a cost not exceeding Rs. 425/-.

Under Rule 3 of Appendix 4 to the Civil Account Code, Vol. I., articles which are not manufactured in India should be obtained by indent upon the Store ---- Department, London. In urgent cases the local purchase of these articles can be sanctioned by the Resident up to Rs. 1,000/- in each case.

Draft letter to the Residency Surgeon is submitted for approval.

Please speak
Mr. [illegible]
a brief note
on all facts please.
30/5

The facts of this case are as follows:-

In November 1927 and February 1928 the Residency Surgeon, Bangalore purchased locally for the use of Bowring and Lady Curzon Hospitals two Electrolux Refrigerators at a cost of Rs.850/- each. The late Pay & Accounts Officer objected to the local purchase without obtaining the previous sanction of the Hon'ble the Resident. The Residency Surgeon applied for the requisite sanction which was accorded in June 1928. As the electrolux Refrigerator purchased in November 1927 was not working satisfactorily, the Residency Surgeon submitted proposals in July 1930 for the exchange of Electrolux Refrigerator for D.5 Model Servel at a cost of Rs.300/-. After some enquiry this was sanctioned in March 1931. As the 2nd Electrolux Refrigerator purchased in February 1928, was also not working satisfactorily, the Residency Surgeon submitted proposals in May 1931 for its exchange with servel machine by the payment of Rs.300/-. The proposal was sanctioned but the Proprietor, Modern Electric House did not agree to this proposal. He demanded Rs.640/- instead of Rs.300/-. Therefore the sanctionand accorded was cancelled.

In March 1932 the Accountant General, Madras, has made enquiries

enquiries as to whether the Electrolux Refrigerators purchased for the Residency and Lady Curzon Hospital have since been repaired and brought to working condition and if not how it is proposed to dispose of them. The Residency Surgeon, Bangalore, who was consulted in the matter stated that the Refrigerator could not be repaired and asked for the orders of the Resident for its disposal.

Messrs. F & C. Osler Ltd., Madras were asked whether they were willing to purchase the two Electrolux Refrigerators one at the Residency and one at the Lady Curzon Hospital. They regret that they cannot offer to purchase the Electrolux Refrigerators outright. If however we are prepared to purchase the Servel Refrigerator in place of each of the Electrolux Machines with them, they will endeavour to write to their Principals to make a renewed offerrfor Electrolux Cabinets.

As the Hon'ble the Resident already purchased one Refrigerator for the use of the Residency, he cannot purchase the servel Refrigerator again. It is therefore proposed to ask the Residency Surgeon whether he intends purchasing a servel Refrigerator in place of the Electrolux Machine. If he does not like to purchase the servel Refrigerator, he may be authorised to sell the Electrolux Machine by public auction.

Submitted for orders as to whether the draft already submitted may now issue.

P.W.D.

Letter No. 1380/17, dated the 26th September, 1932, from the Residency Surgeon, Bangalore.

The Residency Surgeon, Bangalore, reports that the Operating Table for the combined use of the Bowring and Lady Curzon Hospitals is not now in good repair. He therefore proposes to purchase a new and improved table at a cost of £160 or Rs. 2,133/-. It is not clear from the Residency Surgeon's letter whether he wants to purchase the article either fromdLondon or from India.

Under Rule 3 of Appendix 4 to the Civil Account Code Volume I, articles which are not manufactured in India should be obtained by indent upon the Store Department, London. The sanction of the Government of India is necessary if it is proposed to purchase the article in question locally.

No savings are at present anticipated in the current year's Assigned Tract budget. If approved a sum of Rs. 2,200/- may be provided in the next year's Assigned Tract budget under Part II-B-Fresh charges and the Residency Surgeon informed accordingly.

Letter No. 800/28, dated the 14th July 1933, from Residency Surgeon, Bangalore.

Please see the proceedings of the Resident No. 3709, dated the 16th May 1933, in which sanction was accorded to the purchase of a new Type Coolidge Tube at a net cost of Rs. 475/-. The Residency Surgeon, Bangalore, now asks for the sanction of the Resident to the purchase of a Radiator Type Tube for Rs. 785/-. The International General Electric Coy., agree to pay Rs. 150/- for the damaged Tube. Therefore the net cost to Government is Rs. 635. The Residency ------- Surgeon may be asked to state the original cost of the damaged tube and the date of purchase.

The original cost of 100 M.A.Radiator Type Coolidge Tube, supplied by the International General Electric Co., Bombay, with the new X-Ray Installation in July 1929, was Rs 1000/-/-.

The present quotation Rs 635/- is reasonable and the advantage of local purchase is that a new tube will be installed and tested and kept under periodical examinations, by the International General Electric

Company's

Local
Company's/Expert who installed the X-ray Apparatus in this Hospital. To send for a tube, we incur the danger of its being broken enroute, and of being charged with the cost (as has happened in an adjoining institution).

The tube which has been broken, has served for four years, and I am assured by an expert that the tube has therefore done excellent service, and has now perished through fair wear and tear.

With reference to your letter No.7827/184-1931, dated the 29th. October 1931, I have the honour to inform you that the Coolidge Tube referred to is the one bought under the orders contained in Resident's No.7772 of 16th.August 1928. Any Coolidge Tube cannot be expected to work satisfactorily if continuously used owing to the strain on the minute materials of the Tube. It is therefore considered necessary to have a change and hence there is a necessity for the purchase of another one for use along with the old one. The price and quality of a Broad Focus Coolidge Tube, which I now intend to purchase from the International General Electric Co.,Bangalore City, is not unfavourable, as compared with those at which similar articles could be obtained through the Indian Store Department, London.

In continuation of my letter No.2194/28, dated 11th/12th November 1931, I have the honour to inform you that the Tube bought under the orders contained in Residency No.7772 of 16th August 1928 is in working order. The one, which is expected to be replaced owing to the continuous strain is the Broad Focus Coolidge Tube bought some 10 years back from Messrs Watson & Co. The local Manager of the International General Electric Co. informs that the price will be increased very shortly owing to the excess of Custom Duty and recommends to purchase one from him before such time.

Dear Sir,

YOUR NO:2796/184 OF 1931 - ELECTROLUX REFRIGERATOR

We thank you for your letter of the 21st.

Our offer of 23rd May 1931 was only available for a short period and was on condition that a Servel Refrigerator should be purchased in exchange for each Electrolux. We regret we cannot offer to purchase the Electrolux Refrigerators outright. If however you are prepared to purchase the Servel Refrigerator in place of each of the Electrolux Machines with ourselves, we will endeavour to write to our Principals to make a renewed offer for Electrolux Cabinets. We have requested our Bangalore Agent, Mr.A.G.Senapathy, to call on you and discuss on this proposition.

Operation Table-purchase of-

Sir,

I have the honour to bring to your notice that one present Operating Table for the combined use of the Bowring & Lady Curzon Hospitals having been purchased in 1922 is not now in good repair. Attempts to have the mechanism set right have failed, even after reference to the suppliers in London. The table is now, owing to the defects that have developed through wear and tear, dangerous to use, as it does not remain stable in any position. It is urgently necessary for this hospital to secure a new table.

A sum of £ 160/-/- will suffice to purchase a new and improved table (with all necessary fittings) of the make that we now have (St. Bartholomew's) and I strongly recommend that, if funds are available, we may be permitted to purchase one such table, as it has become urgently necessary to replace the present one of old pattern and not repairable.

Sir,

I have the honour to inform you that an Universal Type Coolidge Tube is punctured and is not serviceable.

The Bangalore Branch of the International General Electric Co. informs me that they can supply one for Rs 600/- and agree to pay Rs 125/- for the two damaged ones in the X-ray Department here.

I therefore request you to kindly obtain sanction of the Hon'ble the Resident to purchase one and pay Rs 475/- after deducting Rs 125/- for the two damaged ones. The cost could be met from the allotment under "Cost of Medicines and Instruments for 1933-34-32-Medical-Hospitals & Dispensaries".

Purchase of a new Universal Type Coolidge Tube.

Sir,

With reference to your letter No.2834/184-31,dated the 10th. April 1933, I have the honour to inform you that the Universal Coolidge Tubes were purchased from Messrs Watson Son & Co.London,through the High Commissioner for India.Therefore this office was not informed of the cost of the Coolidge Tubes.

The Universal Type Coolidge Tube being the article manufactured in America the cost including duty etc. will come to Rs 600/- which I consider is favourable as compared with the cost if we were to indent on the High Commissioner.

Further by purchasing the new Type Coolidge Tube from the International General Electric Co.Bangalore,they take all responsibility to deliver it at the hospital. They also agree to give Rs 125/- for two punctured tubes. If order is placed on the High Commissioner,we have to send some one to Madras as was done before to see the condition of the tube before taking delivery as the tube is really a delicate article that slight shock will cause a puncture. The additional expenditure will be the 1 3/5 Second Class fare to and from Madras.

Considering all these difficulties and expenses I recommend that the tube may be bought from the International General Electric Co. of Bangalore.
